

Alternate Donation Locations

We are sorry that we could not accept all your donations today. We sincerely appreciate that you thought of us and for the time and care you took in preparing your donations. We have limited time to sort through donations (and redistribute!) so therefore we try to be judicious about what we accept.

We appreciate your understanding!

To get your donations to the appropriate people in need, please see below for other local agencies that could make better use of them.

We strongly encourage you to call in advance as hours and needs change frequently.
